

*Numbers from MMIS as of 03.23.2018

**Due to the merging of the LAH and OAW, effective January 2014, we will be counting transitions by age to coincide with CMS reporting categories. Individuals that transition to the Home and Community-based Options Waiver age 65 and older will be reported under the OAW/E (Elderly) category and individuals that transition to the HCBOW under the age of 65 will be labeled as LAH/PD (Physical Disabilities).
